

About Us

Optigen Scientific Pty Ltd is an Australian owned scientific business and provides a wide range of premium quality fine chemicals, analytical instruments, medical and scientific equipment and consumable products to a broad customer base in Australia and New Zealand. Our head office and warehouse facilities are located in Adelaide, South Australia.

***Optimal products, Optimal support, Optimal value,
Optigen Scientific***

Scientific Solutions

Our products and services are tailored to serve customer needs in a wide range of industry segments. These include Contract Research Organisations, Private and Academic Research, Hospitals and Veterinary Organisations, Pharmaceuticals, Agriculture, Food and Beverage, Petrochemicals, General Biotechnology, Pathology, Microbiology, Biochemistry, Analytical testing, Education, Mining and Manufacturing.

Optigen Scientific aims to be innovative in our approach of being more than just a supplier, with a customer focussed service team dedicated to helping you achieve the results you need through premium products, technical sales support and technical advice for application development and optimisation of methodologies. We believe the foundations for the company and its culture have been built upon the values of excellence, quality, customer service and longevity. We are proud of our accomplishments since our beginnings and we look forward to new challenges and further growth built upon maintaining sound partnerships with all our customers and clients for years to come.
